MCR SAFETY
PO BOX 1030 | COLLIERVILLE, TN 38027-1030 | P: 901-795-5810 TF: 800-955-6887 | WWW.MCRSAFETY.COM

About MCR Safety: MCR Safety has over forty years of experience as a leader in the field of personal protective equipment (PPE). Our assortment of offerings includes gloves, glasses, and garments that are made from the highest quality materials available to ensure maximum safety, comfort, and style.

Washing Instructions: Garments containing PVC or Vinyl

1. Light Soil – Wipe down with a damp sponge or disinfectant wipe on the outside, odor removing spray or Lysol can be used during this application.
2. Medium to Heavy Soil – Wash by hand with warm water and a 10% ratio to water of mild liquid soap or detergent is recommended. Hand wash both the inside and the outside of the garment.
3. Drain off the grey water and rinse in clean, cool water until all soap residue has dissolved
4. Drying your garment after washing – turn inside out and allow to hang dry. Continuing this step on the other side of the garment will ensure both sides are completely dry.
5. Keep out of direct sunlight during the drying process.

Special notation:

- DO NOT place in a conventional heat dryer *The PVC will melt and emit fumes which can be hazardous
- DO NOT clean surface with chlorine bleach as this can decompose the garment
- DO NOT dry clean or iron

Sincerely,

Sam Braswell
