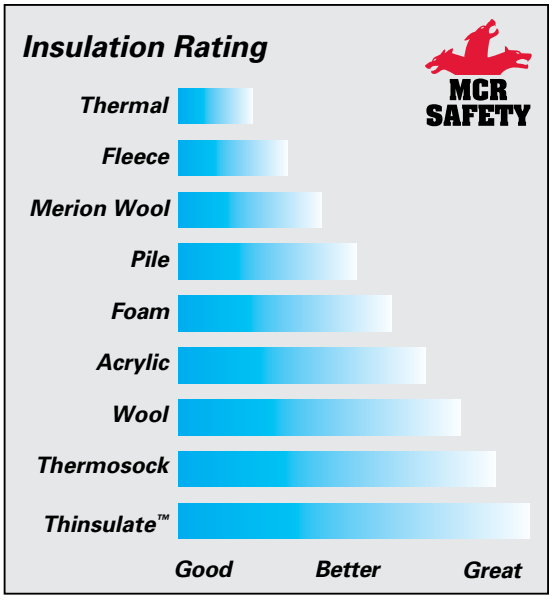
MCR SAFETY

Winter Glove Guide

2024

Welcome to MCR Safety's Winter Glove Guide for 2023-2024, where protection meets comfort in the coldest conditions.

At MCR Safety, we understand the importance of keeping hands warm and functional in winter environments. That's why we are proud to offer one of the most comprehensive selections of winter gloves on the market, catering to a diverse range of needs and preferences. From the cozy embrace of fleece linings to the advanced insulation of 100-Gram Thinsulate™, our collection is expertly crafted to protect individuals across various environments and weather conditions. Whether you're braving icy winds or handling tools in freezing temperatures, our gloves — featuring materials like Thermosock, foam, and wool — ensure your hands remain protected and comfortable. Dive into our catalog to find the perfect pair of gloves tailored to your specific winter needs, and experience the MCR Safety difference in keeping your hands warm and safe.



INSULATION TYPES

Thermal
- Commonly made with cotton
- Specially sewn to create air pockets for natural insulation
- Same material configuration as Thermals

Merino Wool
- Durable and elastic
- Moisture wicking
- Natural odor resistance

Foam
- Creates an air barrier protection
- Lightweight
- Provides a "cushioning" effect

Wool
- Nature's best
- Beware of imitations
- Great for wet applications, dries quickly

Thinsulate™
- Synthetic fiber thermal insulation
- Provides high warmth-to-thickness ratio
- Lightweight yet extremely warm

Fleece
- Cotton or cotton blended
- Brushed for softness and thermal properties

Pile
- Cotton or blend
- Brushed loops of material
- Used in a variety of clothing products

Acrylic
- String, brushed, or terry format
- Captures body heat

Thermosock®
- MCR Safety's exclusive synthetic high loft matte fiber for thermal insulation
- Provides excellent weight to warmth ratio

Close-up of the Inner Cuff available on 900 Series styles of insulated Gloves

- Touch screen friendly fingertip
- Black MAXGrid™ material on the palm for grip in dry, wet and oily conditions
- Hipora lined waterproof bladder
- Inner elastic snow / ice cuff
- Water resistant zipper and inner pouch (for hand warming products)
